NOTES

Are you really the CEO? Would you like help getting to the next stage of your business growth before getting into tantrum mode??

Strategy Session

Let's have a CEO date where we work ON your business, figuring out where you may be stuck, or where are going next and the best way to get there.

You'll be amazed at what we can accomplish together in 60 minutes. We meet via a Zoom video call (no makeup or glam squad required!) Before our call I ask you to fill out a brief questionnaire asking you for background in your business, your goals, and to share the 3 specific issues you want to focus on. This helps us optimize our time together and keep us focused.

After our session you will receive a recording of our call.

3-month coaching/consulting package

3 months of weekly sessions – some coaching, some consulting. We work collaboratively to create the roadmap to get you through transition and into the next growth phase of your business. Check the box below if you would like more info.
